*The following interview of **Michel Chossudovsky** with **Caroline Mailloux** was recorded on October 11, 2024, less than a month prior to the U.S. November 2024 elections.*

*This interview describes the complex **procedures of Global Warfare** coupled with **the most serious economic and social crisis in modern history** characterized by a process of Worldwide impoverishment.*

The conduct of global warfare is predicated on a broad US-NATO-Israel military “alliance” which also includes America’s allies in the Asia-Pacific region.

Israel is an ally of the U.S. as well as a de facto member of NATO, which serves the strategic interests of the U.S.

In the words of former **Vice President Dick Cheney (2005) Israel will, so to speak: be doing the dirty work for us (paraphrase)** without US military involvement and without us putting pressure on them “to do it”.

In a bitter irony, America’s “allies” are the unspoken victims of US-NATO led Wars. America’s European “allies” (NATO member states) **are also doing the “dirty work” in relation to the war in Ukraine.**

The Unipolar World Order serves the interests of the financial establishment and the so-called “Deep State”,

In a Unipolar structure, America’s EU-NATO “allies” are also its “enemies”. They are the victims of U.S. led “economic warfare” which has resulted in economic chaos and poverty throughout the European Union.

The **Unipolar World Order** is also at war against the people of the United States of America.
