Based on real-life events, comes the corporate thriller, Protocol 7.

Alexis Koprowski, a devoted mother and small-town family lawyer, Adrian Jay, a renegade doctor exiled from the medical profession, and Steve Schilling, a virologist at a prominent vaccine laboratory turned corporate whistleblower, work together to hold a large pharmaceutical corporation accountable for allegedly fraudulent test results behind a failing mumps vaccine.

Protocol 7 takes us behind the corporate curtain, exposing a chain of command that devolves responsibility, *prioritizes profits over people*, and fosters an amoral mindset of “just following orders.”
