This session is about the threat of martial law today, but with an empowering spin.

In detail:

- How the oligarchy created a controlled demolition of the financial system in 1929, imposed shock therapy onto the American people and pushed eugenics & fascism as “Economic miracle solutions” between 1930-1934.
- A level-headed analysis of Trump’s presidency and his political efforts in light of the modern depopulation/ deindustrialization campaign, without demonizing or glorifying him.

The Clash of the Two Americas

Vol. 1 & 2

by Matthew Ehret

In his new two volume series [The Clash of the Two Americas](#), Matthew Ehret introduces a new analysis of American history from the vantage point that the globally-extended supranational shadow government that managed the British Empire was never fully defeated and has acted within the USA itself since 1776 as a continuous multi-generational fifth column managing every significant event and assassination of American presidents for the next 250 years.
