Bill-278: An Act to prevent the imposition by the Trudeau government of imposing Covid vaccination mandates pertaining to employment and travel.

The initiative is intent upon Upholding Freedom and Civil Liberties in Canada:

"This enactment amends the Financial Administration Act to provide that the Treasury Board may not require as a condition of employment in the federal public administration that a person receive a vaccine against COVID-19. It also amends the Canada Labour Code to provide that regulations may not be made that require, as a term or condition of employment in or in connection with the operation of a federal work, undertaking or business, that a person receive a vaccine against COVID-19.

In addition, the enactment amends the Aeronautics Act, the Railway Safety Act and the Canada Shipping Act, 2001 to provide that no regulation, order or other instrument made under any of those Acts to prevent the introduction or spread of COVID-19 may prohibit or have the effect of prohibiting a person from boarding an aircraft, a train or a vessel solely on the ground that they have not received a vaccine against that disease.

## The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

*“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”*
