October 1, 2024, marks the start of the [4th International Month of Action Against AFRICOM](#) (U.S. Africa Command), organized by the Black Alliance for Peace (BAP). International Month of Action Against AFRICOM will kick off with an international webinar featuring voices from the African continent and diaspora expressing the need for the complete withdrawal of U.S. troops and a complete end to the combatant command.

This year's Month of Action Against AFRICOM comes at a pivotal geopolitical moment for Africa. The continent is experiencing widespread anti-neocolonialist movements including:

- (1) the successful expelling of AFRICOM from Niger,
- (2) admission and evidence that U.S. ally Ukraine has supported terrorism in Mali, and
- (3) popular mass mobilizations against governments propped up by the U.S. that are facing state repression, ie. Kenya, Nigeria, Uganda.

Join us for this webinar to learn more about the rise of African struggle against rising fascism, neocolonialism, and the role of US militarism!

Panelists:

- **Booker Omole**, Communist Party of Kenya
- **Akin Gofment**, Amilcar Cabral Ideological School-Movement (ACIS-M), Nigeria.
