What if his song of 1971 "**Imagine**" says it all?

Here are the song's lyrics:

Imagine there's no heaven
It's easy if you try
No hell below us
Above us, only sky

Imagine all the people
Livin' for today
Ah

Imagine there's no countries
It isn't hard to do
Nothing to kill or die for
And no religion, too

Imagine all the people
Livin' life in peace
You

You may say I'm a dreamer
But I'm not the only one
I hope someday you'll join us
And the world will be as one

Imagine no possessions
I wonder if you can
No need for greed or hunger
A brotherhood of man

Imagine all the people
Sharing all the world
You

You may say I'm a dreamer
But I'm not the only one
I hope someday you'll join us
And the world will live as one

*

What if....

*"Imagine there's is no countries ...
and the world will be as one", and*

*"Imagine no possessions
I wonder if you can
No need for greed or hunger -
A brotherhood of man" and*

*"Imagine all the people
Sharing all the world..."*

Is he the precursor and foundation of Klaus Schwab's Great Reset, the key principles of the One World Order (OWO) philosophy, allegedly a world without borders - you will own nothing but will allegedly be happy, and everyone lives in a brotherhood of overall sharing - you will have a universal basic income (UBI) and allegedly will have all you need? It's a pack of lies.

In contrast to The Great Reset, Lennon's statement is a message of grassroots solidarity, democracy, peace and internationalism, precisely directed against the elites OWO...

The concepts raised by the OWO bear some similarity. While Lennon's message emanates from the grassroots, the WEF's proposal emanates from a "financial cabal" committed to impoverishment and depopulation.

John Lennon was assassinated on the evening of 8 December 1980, in the archway of the *Dakota*, his residence in New York City.

While travelling in the car on the way back from The Record Studio, Lennon spoke to his wife Ono for the last time. "I said, 'shall we go and have dinner before we go home?'" Ono recalled. "And John said, 'No, let's go home because I want to see Sean before he goes to sleep.'" Sean is their son.

What if we are living in a bubble of illusions – in a world that was planned hundred or more years ago? In a world that is now fed by lies after lies, propagated by controlled and highly paid media. And now, everything that departs the mainstream media narrative is censored.

All indications point in this direction. Bill Gates once said in an interview, paraphrased,

“... Even if I disappear tomorrow, all continues as planned for decades ahead...”

Of course, you will not find any source reference about this statement anywhere. Well-organized and well-paid “*fact-checking*” has eliminated all facts. Truth is poison for the evil monsters pretending running this globe.

What if the divided world – west versus east — was planned long ago, “divide to conquer”, when in truth they (almost) all pull on the same globalist string?

What if Ukraine was sacrificed for the purpose of deviating peoples’ minds from the truth with the help of the mainstream media? Therefore, they – the west – jointly put a corrupted criminal joker like Zelensky in the position of “President” into one of the world’s resource-richest countries to help destroy it for the benefit of the elite – supposedly destined to eventually mandate and control the OWO?

What if Ukraine was chosen – as it has historically been largely Europe’s bread basket — to capture one of the world’s most fertile agricultural lands, for privatization, for the benefit of a few, mainly a small but powerful financial elite? This is already happening. BlackRock is negotiating practically privatizing the country and setting up a reconstruction Trust Fund (TF), through which the financial behemoth could rake in billions if not trillions of profits, when the war ends.

The war ends when the perpetrators, the financial giants, decide to replace the mass destruction and mass killing by massive reconstruction, with the help of the TF, the usual villains such as the World Bank, IMF, regional development banks, multiple bilateral assistance, and, of course, the philanthro-capitalists.

What if the western-initiated and provoked conflict *Ukraine vs. Russia* – never winnable for Ukraine, clearly known to the perpetrators – was the result of longhand planning, potentially way back to at least WWI – or before – for the then emerging world hegemon to take control of this vast and resources rich territory?

What if the endeavor failed with two world wars, but the wannabe emperor has created NATO a war force with a total of 31 allied warrior countries which all agreed, including the corrupted Ukraine leadership, to embark on proxy-war sacrificing the Ukrainian population?

What if the steady onslaught of NATO provocation on Russia may trigger a nuclear WWIII?

What if the recent NATO Summit in Vilnius, Lithuania, was but a thinly veiled free-pass for launching a nuclear WWIII?

What if such a nuclear war was intent in causing a regime change, to submit Russia to western political and financial powers – *à la* Boris Yeltsin, after the fall of the Soviet Union —

to finally exploit the riches of this enormous and wonderful country and at the same time reach a key objective of the newly to emerge OWO, a drastically reduced world population?

What if globalization is and has been dismantling basic food production, agriculture, at least since the 1980's or before? In the 1990, the Rockefellers and World Bank imposed on India (and other countries around the globe) the Green Revolution with GMOs (genetically modified organisms). The resulting huge debt in India caused 400,000 Indian farmers to commit suicide and highly indebted India had to be helped with – again – WB granted so-called Structural Adjustment loans – more debt – debt that to this day enslaves India to the globalist agenda. **“The new colonialism - expropriation of life”**. See this by Vandana Shiva.

What if the 3,000 Dutch farms being eliminated, green-lighted by the European Union (EU), are to help bringing about a holocaust of famine and death? Similar to India and everywhere in the world – globalization commands the decimation of world population by any means, to leave the abundance of generous Mother Earth to a few globalist elites plus the corrupted world leaders and heads of those institutions *cum* instruments, playing along, the UN, World Bank, IMF, WHO, WEF and many more.

The people in the Netherlands are not even asked or considered. Holland is the second largest agricultural exporter in the world. In the name of guarding against “*climate change*,” this move towards more famine, more deaths by famine and misery, is an important step in the Gates / Rockefeller eugenist agenda. See this “*EU has just okayed 3000 Dutch farms to be seized*” (20 May 2023).

What if our minds are being impacted through a longstanding series of programs aimed at manipulating public opinion through intelligence agencies, think tanks, corporate media and a host of non-governmental organizations designed to engender fear, division, and uncertainty in the public. *The Tavistock Institute for Social Manipulation* is most certainly a key instrument for keeping most people on a track of lies – and comfortably happy.

What if unwittingly, China a socialist multi-polar proponent, offers western globalist powers that be – United Nations, World Economic Forum, and World Health Organization – a blueprint for the western cabal's evil globalist plan? Bill Gates is often visiting China for discussions with high-level officials, and China has been hosting for the last 14 years a WEF Conference, they call the “Davos of China.”

What if the Big Plan towards OWO, where nobody owns anything but everybody is happy, has three major pillars which are right now being played out in full swing, with most people being propaganda-lie, *alias* “Tavistock-blinded”?

What if these three pillars could be described as

- Fear for life through fake plandemics followed by coerced campaigns of killer vaxxes of different kinds – causing eventually hundreds of millions, if not billions of deaths?
- Fake *climate change* narratives that rely on highly sophisticated ENMOD and HAARP technologies that can bring about extreme, crop destructive drought-inducing heatwaves in rapid interchange with enormous flash flood infrastructure and life annihilating tornados, thunderstorms and never-before-seen Monsoon

rains? (ENMOD = Environmental Modification; HAARP = *High Frequency Active Auroral Research Program*, linked to the US Air Force, alias Pentagon)?

- Digitization and absolute control of everything, including the human brain - transformation of humans to transhumans, and digitally controlled money, where an individual's behavior record would be linked to his bank account?

What if the entire universe, including our Blue Planet and its inhabitants, are run by unlimited amounts of energy? All sentient lives, and especially as humans, we are beings of spirit and energy, and as such our lives and evolution are dynamic.

Life is not material but dynamic. Therefore, digitization based on linearism applied to any form of life, one of the Death Cult's goals - transhumanism, robotization, is against the laws of nature and will not work. We must not allow Artificial Intelligence (AI) to progress to a point where it destroys life on earth, and with it, our civilization.

Sounds alarmist? According to many now freely-speaking scientists in the matter, including Elon Musk, a pioneer of 5G, digitization and AI, we may be closer than we think - to the point of no return.

Summarizing, based on a German "*apolut*" publication of 14 July 2023.

What if gigantic corporatism, including Big Pharma and Big Finance run the world?

"The belief in deadly viruses alone possesses such power through mass panic-stricken people that such madness is possible and feasible at all? Philanthrocapitalism [Gates, Rockefeller, Soros *et al*] is a money printing machine and, thus, an enormous power potential. Many of these super-rich [philanthropists] use similar logistical constructs to assert themselves as global players in world power fantasies. And there will be more and more, should there not be an awakening to these rampant monster-makers.

"LGBTQIA+ (lesbian, gay, bisexual, transgender, queer, (questioning), intersex, asexual, and (agender)) - is such a monster, gender has been converted into a monster, the proxy war in Ukraine is such a monster. To declare the inflation of minimal realities into a mass phenomenon is their skill. Fear mongering and religious delusion is their toolbox. The commodity they create for themselves is "us", the mass human being. Each of these monster-makers wants to create their normality through us, so that their *philanthrocapital* grows.

"If we do not stop the realization of their ideas, no one will. Because those who could and even should, do not do it, because they pick up the crumbs that fall off. In the meantime, a whole political caste has emerged, worldwide, that can only think and act in such categories. This class thinks that what they do is perfectly normal politics. They have been selected and trained that way, by the World Economic Forum's (WEF) academy for Young Global Leaders (YGL).

The WEF is the new fascism-maker. This time worldwide. The WEF is the fertile womb from which a flood of tyrants and bullies is crawling. One would like to quote Bert Brecht into today. Here the original: "*That one (meaning Adolf Hitler) once almost ruled the*

world. The peoples became his masters. However, I did not want you to triumph already: The womb, from which this [Hitler and fascism] crawled, is still fertile;" wrote Brecht in his War Primer."

"In recent times, this fertile womb has not given birth to a new Hitler. But what intends to crawl out of it in droves is, in today's somewhat exaggerated sense, brown necromancy."

See quote from "apolut" 14 July 2023 in German, translated by **DeepL**. For full "apolut" video and text, [see this](#) (in German) .

What if the final escape from an ever-tightening grip around the world populace's neck is exiting the entire UN system, especially the Big Finance-corrupted political UN body and its sub-tyrants, like WHO, as well as the European Union – Washington's vassal organization – and create new social adherence organizations, for cohabitation in Peace and Harmony outside the tyrannical and deadly Matrix?

What if this were *THE PROJECT* for an ever more spiritually awakening population? The world currently counts with more than 200 countries and territories but only 193 are members of the UN so, exit must be possible. There is no international obligation, no international law to remain a UN member. Not even the rules-based order can reign over an unwilling population.

"Imagine all the people,
Livin' life in peace" ...

John Lennon's vision is our vision, because, We the People, decide our own sovereign and peaceful destiny?
