As we survey the wreckage that was our civilization, as we are pushed and shoved by our fellow citizens now reduced to waves and waves of the zombie apocalypse, we are forced to ask ourselves the big question.

We see how friends and family remain in denial about this vaccine war, about World War V.

We see silent mothers walking with limping children through a fog of denial.

*We forced to ask ourselves **what exactly was this COVID-19?***

The answer is as clear as it is damning. COVID-19 was like the fall of the Roman empire, but run at hyper-speed on a bank of supercomputers and broadcast over 5G.

Covid-19 was a pandemic of cowardice, a pandemic of hypocrisy, a pandemic of ignorance and decadence, a pandemic of collaboration, a pandemic of horrific betrayal; in a nutshell, COVID-19 was a pandemic of evil that makes the blood run cold.

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”
