The World Health Organization (WHO) is still going ahead with its global digital health certificate even as it claims the COVID-19 scamdemic is finally over. The medical tyranny being pushed on the public is still there and is only going to get worse.

The implementation of the digital health certificate is among the 307 amendments to the International Health Regulations (IHR) proposed by 94 member nations of the WHO, [according to Natural News](#). The proposed amendments to the IHR are a completely different set of proposals to the "Pandemic Treaty." Amendments to the IHR were adopted in 2022 without Senate/Parliament confirmation. These amendments could easily be adopted in the same manner.

The World Health Assembly (WHA) will hold a meeting from May 21-30. In preparation for the upcoming meeting, attendees have been uploading documents, including a progress report called "Report O."

The report states that there are plans to [implement a Global Digital Health certification network](#).

In an episode of Steve Bannon's "War Room," James Roguski warned that while the Global Digital Health Certificate is on "a voluntary basis," the authorities are currently building the infrastructure necessary to "track and trace everybody on the planet."
-[Natural News](#)

As we know, nothing with the ruling class is ever "voluntary." That's why they use so much propaganda. No one would "voluntarily" agree to be a slave, yet when they lie and call it "freedom", people line up like cattle.

If you've ever wondered who the real war is against, you shouldn't have to anymore. It's always been against us.

Indonesian Health Minister Budi Gunadi Sadikin also tried to sell the idea of a global surveillance system using the language of a warlike footing, while emphasizing potential business opportunities. Sadikin talked about the enemy which would be pathogens inside human beings that "need surveillance system like when you are being attacked by alien out of the country."

He said all countries will likely link all radar systems to improve surveillance "if the enemy is coming from outside the planet." Similarly to that, Sadikin said the world needs to "strengthen and link our radar systems for [a] pathogen."

The only way these sociopaths can track a pathogen is by tracking human beings with the alleged pathogen. The illusion of freedom is about to crumble.

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”
