The Honourable Prime Minister of India
Shri Narendra Modi
New Delhi, India

Dear Prime Minister:

On 22 December 2021 a group of distinguished doctors, medical scientists, and epidemiologists from India and around the world sent you an urgent document, **“The Truth Of COVID-19: The India Statement.”** Supported by a 61-page dossier citing the relevant scientific literature, plus the signatures of Indian civil servants, civic organizations, and many “deeply concerned mothers, fathers, husbands and wives,” they requested you to take immediate action to halt the COVID-19 vaccination program.

(“The India Statement” can be accessed via [this link](#))

It is evident from your recent statements and from developments in India that their urgent message has thus far gone unheeded by you. That would be a tragic mistake. I know you care very deeply about the people of India and the Indian nation, and you work tirelessly on their behalf like no other Indian leader has done. So I am writing this “Open Letter” in the hope that you will rethink India’s strategy for coping with the Covid situation.

Key points to consider

First, let me briefly recap some of the main points in “The India Statement.” It is a historic document and speaks for itself:

- “A corona virus vaccine has never before been used successfully. One problem has been the development of Antibody Disease Enhancement (ADE). The vaccine produces antibodies, but sometimes this does not prevent disease – it instead makes the disease more serious and ADE can extend into the future.”
- “All vaccines use the spike protein. It was thought to be a good idea at first, because the virus uses its spike protein to attach to the host cells. However, we

now know this is a blunder and a major catastrophe. The spike protein is the toxic part of the virus that causes major (vascular) disease. It is confirmed that the synthetic spike protein of the vaccines is also toxic and is similarly causing clotting and bleeding disorders etc.”

“Many thousands of people taking the vaccine have died. The data of adverse effects and deaths as a result of the vaccines is sending shock waves in the scientific community and recipient human population in all countries.”

- “...It is now conclusive that the vaccine leaves the injection site, which is the arm, and contrary to what was assumed, and unexpectedly, travels into the bloodstream, ie spreads all over the body including with concentrations in the ovaries, in the bone marrow and lymph nodes....Given what is known of the spike protein and its ability to cause major disease, this is very dangerous. The potential to cause diseases of the bone marrow and in the long term, to affect the reproductive ability of women is unknown.
- “Mass roll-out of the vaccines is putting selection pressure on the virus to evolve into a strain that is resistant to the vaccine, like the Delta Variant, which emerged in India. Now we have Omicron. This is well-known science that follows the same pattern as for example, in antibiotic resistance.”

“The protective effect of the vaccines is waning rapidly and is now below the required regulatory efficacy of at least 50%.”

- “Unlike vaccine immunity (which is also narrow, variant-specific), people who recover from Covid-19 develop natural immunity, which is long lasting with antibodies that are effective against several viruses/variants. Such persons need not be vaccinated, saving the exchequer crores of rupees. Indeed, it is potentially dangerous for such persons to be vaccinated. A large percentage of the Indian population, around 70%+, already have this natural immunity according to the ICMR [Indian Council of Medical Research]. This is called ‘Herd Immunity’, which also means that infections will die down. Vaccines are not required.”
- “The US FDA is withdrawing the current RT-PCR because in its present form @ high Cts (cycle thresholds) and faulty assays, the Covid and Flu viruses are not distinguishable. It is widely acknowledged by experts that determination of Covid cases has been significantly faulty, giving rise to great numbers of false positives. The ramifications have been severe on India (and worldwide), including causing widespread panic.”
- “**First**, routine RT-PCR testing as presently conducted, including on asymptomatic cases should be discontinued. They have fueled a significantly wrong statistic of Covid infections, resulting in flawed policy-responses, have caused panic and great harm.
- “**Second**, given the facts, it is clear that the vaccines have failed to provide immunity. They also fail to stop transmission from those vaccinated. Thus, they have failed to perform as vaccines....Under these circumstances, medical science does not support the continued roll-out of these vaccines. We risk more variants, (ADE) a potential medical nightmare.”

“Moreover, the recent findings that the vaccine spike protein is biologically active means

that it is very dangerous and we are endangering our population through the mass vaccination drive. This fact allows us no alternative. **Prime Minister, India must stop vaccinations with immediate effect.** (emphasis added)

“...Finally, and not least...we are confident in the solutions to Covid-19, which is an entirely treatable disease. Preventive measures, early treatment and treatment protocols through all the stages of the disease with Ivermectin (Pg 58-60) and other off-label drugs are proven (Ref Pt. 12 (Pgs. 56- 60))....Very early on, India took exemplary action with regard to the ICMR guideline on HDQ (hydroxychloroquine) and Uttar Pradesh State with its public health measure of dispensing Ivermectin, which was an acknowledged success. We need to widen these measures across India. Both are ‘repurposed’ drugs, are medically proven and safe solutions, and there are others in our toolkit of medical products, along with vitamins (D, C and zinc).”

“India can be a beacon of light to other nations, to show the way.”

Are the gene-based vaccines a depopulation tool?

Prime Minister, please refer to the signed letter in “The India Statement” from Dr. Michael Yeadon, Pfizer’s former Vice-President and Chief Science Officer for Allergic and Respiratory. In interviews and articles, Dr. Yeadon has stated that all the gene-based Covid vaccines amount to “premeditated murder.”

Basing his conclusion on his 30-year medical research career, Yeadon finds only one conceivable purpose for these vaccines: depopulation. Many other distinguished physicians, immunologists, virologists, molecular geneticists, epidemiologists, and public health officials have reached the same conclusion, but their voices are silenced by the Mainstream Media which is heavily controlled by Big Pharma and globalist corporate interests. So are the so-called “Fact Checkers,” who twist the truth-tellers’ words, while Social Media censors and demonizes these independent voices.

Dr. Yeadon in his letter estimates that the rate of vaccine-induced deaths from the COVID-19 jabs is greater than that from any previous vaccine—on the order of 60-fold! He says the “astonishingly high” rate of adverse events and deaths following COVID-19 vaccination constitutes **“the greatest failure of medicinal product regulation in relation to reproductive health since thalidomide** and is very much greater in terms of societal impact.” (emphasis in original). Calling for the immediate suspension of all the vaccines, Dr. Yeadon continues: “We have NEVER, since thalidomide, exposed women of childbearing potential and ESPECIALLY NEVER pregnant women to ANY novel, experimental pharmaceutical product without that product first having completed a full battery of reproductive toxicology tests” and follow-up pilot studies. This was not done with the Covid vaccines.

Dr. Luc Montagnier, the Nobel Prize-winning French virologist who led the team that identified the AIDS virus (HIV), states that because of the Covid vaccines **“We are currently facing the greatest risk of worldwide genocide in the history of humanity.” He calls the mass vaccine program for COVID-19 “an enormous mistake...a scientific error as well as a medical error....The history books will show that.”** Dr. Montagnier believes, along with many other scientists, “it is the vaccination that is creating the variants.” These virus variants are resistant to the vaccine, so in every country “the curve of vaccination is followed by the curve of deaths.”

Furthermore, Dr. Montagnier warns the COVID-19 vaccines “are likely to cause neurological diseases, very serious brain diseases. Sometimes the neurological signs already manifest themselves after the second booster shot.”

Prime Minister Modi, please look closely at “The Vaccine Death Report,” a comprehensive 52-page study co-authored by Nobel Peace Prize nominee Dr. Vladimir Zelenko, M.D., former personal physician of President Donald Trump, and investigative journalist David John Sorensen ([pdf downloadable](#)). The scientific data presented in this report convincingly demonstrates that millions of people around the world have died from the mRNA Covid injections, while hundreds of millions are suffering crippling side effects that often permanently disable the victims for life. Both the mRNA shots (Pfizer and Moderna) and the adenoviral-vector shots (Oxford-AstraZeneca, Covishield, Johnson & Johnson) force the human body to manufacture hundreds of millions of synthetic spike proteins.

“We also reveal the real risk of an unprecedented genocide,” the authors of ‘The Vaccine Death Report’ warn. “The data shows that we are currently witnessing the greatest organized mass murder in the history of our world. The severity of this situation compels us to ask this critical question: will we rise up to the defense of billions of innocent people? Or will we permit personal profit over justice, and be complicit? Networks of lawyers all over the world are preparing class action lawsuits to prosecute all who are serving this criminal agenda. Hundreds of millions of people worldwide are rising up against this criminal operation. To all who have been complicit so far, we say: There is still time to turn and choose the side of truth. Please make the right choice.”

Official data support the equation: COVID-19 vaccines = mass murder

Prime Minister, the death toll in this so-called pandemic has been vastly exaggerated. SARS-CoV-2 has an average Infection Fatality Rate (IFR) of 0.26% to 0.27% according to dozens of peer-reviewed studies—roughly the same as the seasonal flu. There was never any need for lockdowns, masks, or for that matter, vaccines. But the Mainstream Media’s relentless fear-mongering campaign corralled millions of people into the pen of vaccine compliance.

And when you take into account “the fudge factor,” the Infection Fatality Rate is actually much lower. By this I mean the statistical manipulation—counting of “death *with the presence of* COVID-19” as “death *by* COVID-19.” That is unscientific and a fraud.

On top of that, the bogus RT-PCR test can’t differentiate between COVID-19 and the seasonal flu. The Polymerase Chain Reaction technique was never intended to be used as a diagnostic tool. It is incapable of diagnosing any infectious disease, as was emphasized by Nobel Prize-winning biochemist Dr. Kary Mullis, inventor of the PCR technique.

The RT-PCR test approved for the pandemic was funded by Bill Gates through his support for a shady virology research group in Berlin. Gates then promoted this invention to his friends at the World Health Organization (WHO), which approved it despite its multiple documented shortcomings. Gates controls the WHO through his billions of dollars in funding.

Although the U.S. Centers for Disease Control and Prevention (CDC) and the WHO have admitted the worthlessness of the test, it continues to be used in India and elsewhere to generate mountains of junk data. The rapid antigen test also has a high rate of false

positives,

VASTLY UNDERREPORTED by the health authorities and the news media are the deaths and injuries directly caused by the COVID-19 vaccines. The official data of the adverse-events reporting systems of the United States, United Kingdom, and European Union clearly indicate that the Covid vaccines are responsible for unprecedented numbers of deaths, permanent injuries, and hospitalizations.

In the United States, the CDC's VAERS (Vaccine Adverse Events Reporting System) reports:

- 21,745 Covid vaccine-related deaths
- 4,986,087 vaccine injuries (as of 7 January 2022)

VAERS is a passive reporting system that registers "fewer than 1% of adverse reactions" (including death) according to a US Department of Health and Human Services/Harvard Medical School study. That means potentially 2.1 million people have been killed by the COVID-19 jabs, with countless injuries including permanent paralysis, multi-organ system failure in children and adults, permanent vision loss, cardiomyopathy, heart attack, strokes, large blood clots, mini-clots blocking the capillary network, hemorrhage, miscarriage, stillbirth, Guillain-Barré disease, damage to lungs, kidneys, and pancreas, inflammation of heart and brain, brain tumors, spinal damage, immune system impairment, painful Bell's Palsy (facial paralysis) lasting weeks, anaphylactic shock, profound non-stop fatigue, and many other negative outcomes.

In their first four months, the experimental COVID-19 vaccines racked up more deaths and severe adverse events than all other vaccines COMBINED in VAERS's entire 31-year history.

Prime Minister, that's one reason why Dr. Vernon Coleman, beloved best-selling British medical authority, has called the COVID-19 genetic vaccine "the most lethal medical product in history."

The official figures for the UK and EU are just as horrifying. Their reporting-systems are said to capture, at best, only 10% of vaccine-related deaths and adverse events. Here is the total for USA/UK/EU:

- 61,654 COVID-19 injection related deaths
- 9,755,085 injuries reported (as of 28 January 2022).

The Mainstream Media is silent about this ongoing holocaust. If a news story does mention such a death, it's called "a coincidence," no relation to the vaccine. Yet innumerable vaccine victims die within 1-3 days after getting the jab, and millions more immediately go downhill post-inoculation, progressively deteriorate, and never recover.

This is no coincidence. It is mass murder.

And what is the situation in India?

The situation in India with respect to the vaccine drive is exactly as outlined above, but it is kept well-hidden from the public.

The [Awaken India Movement](#) publishes an ongoing compilation of the reported deaths which have occurred post-vaccination in India. As of 4 February 2022 the document lists 12,586

deaths—more than 90% of them from the Covishield injection. In India, as you know, Covishield accounts for 86% of doses administered and Covaxin for 13% (Times Of India, 17 January 2022). Covaxin is a “traditional” vaccine that does not force the body to manufacture spike proteins, yet it has also been linked to at least 100 deaths and vaccine injuries in India, as per the report. I urge you to read it. It can be accessed [here](#).

By comparison, India’s official Adverse Events Following Immunization reporting system records only 1,013 deaths following the jab and at least 70,102 adverse events as of 30 January 2022. A government panel concluded that over half of the serious adverse events were due to anxiety (!) This is clearly a whitewash.

Covishield, manufactured by the Serum Institute of India, is the rebranded AstraZeneca vaccine, which has been linked to many deaths globally from blood clots and other side effects; the AstraZeneca vaccine has been suspended in many countries.

Bharat Biotech, manufacturer of the Covaxin vaccine, “was backed since its inception by Bill Gates and the international pharma lobby,”

an exposé by GreatGameIndia.com reveals. “Bharat Biotech is the first Indian company to receive massive grants from the Bill & Melinda Gates Foundation for vaccine against Rotavirus called Rotavac. The vaccine was given green light by the authorities even before its trials were complete, and its efficacy is mired in controversy till today with cases pending in the Supreme Court.” (How Bill Gates Created Bharat Biotech - India’s “Swadeshi” [COVID-19 Vaccine COVAXIN Maker](#), Jan. 24, 2021)

The official vaccine casualty data cited above for India are the tip of the iceberg, just like in the USA, UK, and EU. As Yohan Tengra, a founding member of the Awaken India Movement, explains, “India’s vaccine adverse events reporting system has narrowed its criteria in order to make it more difficult to link post-injection death or injury to the jab. It has been rigged by the vaccine manufacturers. Earlier, India had a much more meaningful system in which the adverse event was rated on a scale of probability (possible / likely / very likely linked to the jab). That system was discarded.”

“We are seeing a lot of myocarditis, thrombosis, and many other adverse events in India. But the health bureaucracy hasn’t advertised the system so almost no one knows about it. The general population are hesitant to blame the vaccination for an adverse event because they have been deluged with TV propaganda. Even if someone files a complaint, it goes from local committee to state committee to national committee. The national committee has been thwarted by the vaccine manufacturers.”

Mr. Tengra’s critique is supported by a letter dated 16 March 2021 to top government officials in charge of India’s pandemic response. Written by 29 eminent Indian health professionals and others, it calls for an “urgent investigation of deaths and serious adverse events following administration of COVID-19 vaccine.” This letter and the Indian government’s wishy-washy response suggest a massive cover-up of the harmful effects of the Covishield vaccine. ([Experts Press Officials in Charge of Vaccine Drive for Info on Adverse Events](#))

Prime Minister, the evidence is overwhelming that the gene-based COVID-19 vaccines are causing massive, unprecedented deaths and injuries in India and around the world.

This needs to stop. Do you want your legacy to be willing participation in this slow-burn genocide? Do you want to be remembered as the Prime Minister who presided over—and did nothing to halt—a man-made genocide worse than Winston Churchill’s mass-murder of millions of Indians in the engineered Bengal famine of 1943-44?

Indians are gradually waking up to the grave dangers of the COVID-19 vaccines and the vastly exaggerated fake pandemic. There are many YouTube channels (mostly in Hindi) exposing these truths. Resistance is building to the unnecessary, destructive lockdowns, masks, the vaccines and health “passports” which violate the Nuremberg code of medical ethics. Recent protests have been held in Mumbai and Meghalaya.

The truth will eventually become known to a multitude of Indians. The people whom you care deeply about.

Stop the Covid vaccination of children

Prime Minister Modi, India’s Covid vaccination program aimed at children is unwarranted, wholly unnecessary, basically a huge cash bonanza for the Big Pharma vaccine companies. It’s true that so far, only the “traditional” vaccine Covaxin is permitted for persons under age 18 in India. However, Covaxin has been linked to many deaths in boys and girls as young as age 15, as documented in the Awaken India Movement’s compilation cited earlier. Many of these young people suffered excruciating adverse events shortly after getting the jab and died a short time later.

These reported cases, as I mentioned, are just the proverbial tip of the iceberg. Even more alarming, India plans to roll out Covovax, a gene-based, spike-protein-producing vaccine for children within the next few months.

Prime Minister, if I may speak bluntly, that would be a criminal mistake. Your aggressive push to vaccinate all 15- to 17-year-olds, and to extend that jab campaign to 12- to 14-year-olds by the end of February will only make matters worse. “We can’t vaccinate our way out of this,” as **Dr. Peter McCullough**, prolific expert on COVID-19 treatment, explained. The Covid vaccines have been a spectacular failure despite the vaccine companies’ grossly inflated claims. These vaccines don’t provide immunity or prevent transmission of the virus. People will need a booster, then another and another. In fact, there is much epidemiological and clinical evidence that the vaccines are spreading disease.

Children have essentially zero risk from Covid infection, whereas the risks posed by the vaccines are severe. Children have strong natural immunity, a thousand times stronger than the temporary protection offered by any vaccine, and their natural immunity also protects them against viral strains.

Dr. Sucharit Bhakdi, leading German immunologist and microbiologist, says: “If you give your child the Covid jab, you are committing a crime.” Please look at these two short videos:

Dr. Sucharit Bhakdi: [“These Vaccines are Killing the Young and the Old, They are Killing our Children”](#)

[“If you give your child the jab, you are committing a crime”](#)

Dr. Geert vanden Bossche, eminent virologist and vaccine developer, calls the Covid

vaccination of children “an unforgivable sin.” He maintains that the COVID-19 jabs suppress natural antibodies that children need to fight a host of diseases. Dr. vanden Bossche is a former senior officer of the Bill & Melinda Gates Foundation and has worked with pharmaceutical companies such as GlaxoSmithKline and Novartis.

Dr. Robert Malone, who invented the core platform technology used for the Pfizer and Moderna shots, warns that the gene-based Covid vaccines

“often cause permanent damage in children’s critical organs, including: their brain and nervous system; their heart and blood vessels, including blood clots; their reproductive system, and this vaccine can trigger fundamental changes to their immune system. The most alarming point about this is that once these damages have occurred, they are irreparable....And this vaccine can cause reproductive damage that could affect future generations of your family”

Prime Minister, please see the testimonial in “The Indian Statement” from Dr. Theresa Lawrie, M.D., Ph.D. She calls for the immediate suspension of all the COVID-19 vaccines for all children and adults in the UK. Dr. Lawrie is director of the Evidence-Based Medicine Consultancy in the United Kingdom.

Finally, Dr. Roger Hodkinson, top Canadian pathologist, declares: “Vaccination of children amounts to despicable child sacrifice.” He explains: “Historically we never vaccinate the healthy to protect the sick. Children should never be vaccinated as they do not die of the infection (unless severely immunocompromised), do not spread the disease, and are particularly susceptible to devastating complications such as myocarditis (inflammation of the heart muscle).”

Dr. Hodkinson adds: “None of the mandates have any consensus in the medical literature for effectiveness. I include in that statement: masks, social distancing, travel bans, and lockdowns. In fact, they have had terrible adverse consequences involving physical and mental health, and particularly the economic circumstances of the poorest strata of society.”

Prime Minister, if you continue down this road, you will be creating a whole generation of youth with irreversible heart damage, blood-related problems, and compromised immune systems.

The vaccine drive aimed at children must be halted at once. You don’t want your legacy to be the murder and maiming of India’s younger generation, under the direction of a globalist cabal that has largely shaped India’s public health policies. This globalist cabal does not mean well for you, or for the Indian people.

The Great Reset

Prime Minister, a tiny group of super-wealthy oligarchs—perhaps One-Thousandth Of One Percent of humanity (or less)—is seeking to reshape the world by subverting democratic governance, drastically reducing the Earth’s population, and installing a totalitarian One World Government managed by technocrats and a super-rich ruling elite. The engineered COVID-19 pandemic is the opening salvo in this war against humanity.

This globalist cabal is centered around the World Economic Forum which predicted that by 2030, “You’ll own nothing and you’ll be happy.” In the WEF’s Great Reset, billions of

“useless eaters” will be eliminated, harmful genetic vaccines will be mandatory, a digital social-credit system (as in China) will monitor people’s behavior, and those who do not comply will be eliminated. Architects of this totalitarian scheme include World Economic Forum CEO Klaus Schwab, Bill Gates, Rockefellers, Rothschilds, the World Health Organization, Big Pharma, and Communist China.

Does this sound like a “conspiracy theory” to you? It is already happening in Australia, New Zealand, France, Austria, Germany, Italy and numerous other authoritarian regimes throughout the world. It’s no longer a conspiracy theory, it is conspiracy fact, documented in several well-researched scholarly books (listed below).

In India, this One-Thousandth Of One Percent is hard at work. Public health policy in India is to a large extent steered by a globalist cabal that includes Bill & Melinda Gates Foundation, Rockefeller Foundation, Wellcome Trust, World Bank, USAID, and vaccine manufacturers, as documented by Yohan Tengra in his exhaustive analysis, “India’s Covid-19 Task Force & ‘Experts’ Exposed: Conflicts of Interest in Our Public Health System” (See [this](#)).

The Public Health Foundation Of India (PHFI), which influences all pandemic policy and COVID-19 vaccine decisions in India, counts among its heavy financial donors the Gates Foundation, Pfizer, Johnson & Johnson, USAID, Abbott, GlaxoSmithKline, Rockefeller Foundation, Wellcome Trust, World Bank, PATH (a Gates-funded NGO), Eli Lilly, Bayer, and U.S. National Institutes of Health. PHFI was started with initial funding of 65 crore given by the Gates Foundation and 65 crore given by the Indian Government.

All of this creates massive conflicts of interest, meaning that India’s key health agencies serve globalist puppet-masters pulling the strings rather than serving the Indian people, according to Tengra. He notes that the same globalist cabal has deep connections to members of India’s National Task Force for COVID-19 which has been responsible for the aggressive push for lockdowns, mandatory mask requirements, forced testing of asymptomatics, dropping ivermectin and hydroxychloroquine from the national protocol, and suppressing vaccine adverse events.

Moreover, as the GreatGameIndia.com exposé discloses, “The pharma lobby behind these COVID-19 vaccines are directly tied to the British Eugenics Movement. The Wellcome Trust, GAVI [Gates’s “Vaccine Alliance”], and the Galton Institute have direct longstanding ties to the UK Eugenics movement. The latter organization, named for the ‘father of eugenics’ Francis Galton, is the re-named UK Eugenics Society, **a group notorious for its promotion of racist pseudoscience and efforts to ‘improve racial stock’ by reducing the population of those deemed inferior for over a century.**” (emphasis added)

“British-led GAVI has managed to infiltrate India’s healthcare policy-making, thereby gaining a strategic position to dictate India’s response to coronavirus. GAVI is largely funded by the British government and Bill Gates....**Known as the Vaccine Cartel or Pharma Cartel by critics, its vaccines have been accused of causing at least 38 million premature deaths worldwide. There are currently no laws in India that would protect victims of the COVID-19 vaccine side-effects according to legal experts. There is no law for vaccine compensation in India.**”

A course-correction is urgently needed

Prime Minister, please read Archbishop Carlo Maria Vigano's important "Appeal For An Anti-Globalist Alliance" (excerpted below):

"For two years now we have been witnessing a global coup d'état, in which a financial and ideological elite has succeeded in seizing control of part of national governments, public and private institutions, the media, the judiciary, politicians and religious leaders. All of these, without distinction, have become enslaved to these new masters who ensure power, money and social affirmation to their accomplices. Fundamental rights, which up until yesterday were presented as inviolable, have been trampled underfoot in the name of an emergency....

"This global coup d'état deprives citizens of any possibility of defense, since the legislative, executive, and judicial powers are complicit in the violation of law, justice, and the purpose for which they exist. It is a global coup d'état because this criminal attack against citizens extends to the whole world, with very rare exceptions. It is a world war, where the enemies are all of us, even those who unwittingly have not yet understood the significance of what is happening. It is a war fought not with weapons but with illegitimate rules, wicked economic policies, and intolerable limitations of natural rights.

"Supranational organizations, financed in large measure by the conspirators of this coup d'état, are interfering in the government of individual nations and in the lives, relationships, and health of billions of people. They are doing it for money, certainly, but even more so in order to centralize power so as to establish a planetary dictatorship. It is the Great Reset of the World Economic Forum, the Agenda 2030 of the United Nations. It is the plan of the New World Order, in which a Universal Republic enslaves everyone....

"In the face of this global coup d'état, it is necessary to form an international Anti-Globalist Alliance, which gathers all those who want to oppose the dictatorship, who have no intention of becoming slaves to a faceless power, who are not willing to cancel their own identity, their own individuality, their own religious faith....

"I call upon rulers, political and religious leaders, intellectuals and all people of good will, inviting them to unite in an Alliance that launches an anti-globalist manifesto, refuting point-by-point the errors and deviations of the dystopia of the New World Order and proposing concrete alternatives for a political program inspired by the common good...." (See [this](#))

Prime Minister, I will close this long letter by quoting one of your eloquent, moving poems, "Song of a New Direction":

I want to draw the picture of a new direction

And give it the shape of progress....

I want to sing the song

Of mid-afternoon's hot sun.

Instilling the radiance in those very children

Just you wait and see.

In the album after this day there will be no stain

But alas, before this moment
The warm blood of so many children
Has infused these stalks, and flowed into this earth
This is why I beseech you,
Stop growing these unkind shoots
For I want to sing the song of a new direction,
Of progress so true.

Prime Minister Modi, you can take India in a new direction, saving the children and adults of India from a manufactured crisis. You can free India from the globalist yoke, thereby restoring sanity and health to your people.

India will then set an example for the whole world to follow.

Most respectfully,

Walter Gelles
