GR Editor's Note

*Amply documented: The mRNA Covid Jab is best described as a "a killer vaccine" which from the outset has resulted Worldwide in an upward movement in mortality and morbidity.*

*The evidence amply confirms that the Covid-19 mRNA vaccine is a dangerous substance. This is confirmed by the Pfizer Confidential Report released under FOI in October 2021. It come's from the Horse's Mouth.*

*The Nobel Prize Award is intent upon misleading people Worldwide.*

*It is part of an insidious propaganda campaign to encourage people to get the Covid-19 jab.*

*"By February of 2021, Pfizer had already received more than 1,200 reports of deaths allegedly caused by the vaccine and tens of thousands of reported adverse events, including 23 cases of spontaneous abortions out of 270 pregnancies and more than 2,000 reports of cardiac disorders.*

*Bear in mind, this is Pfizer's own data"*

*I should mention that the research of Katalin Karikó and Drew Weissman dates back to 2005. Were they directly or indirectly involved in developing the mRNA vaccine on behalf of Pfizer-Moderna?*

*Two scientists whose pioneering work helped create mRNA Covid vaccines were today awarded the Nobel Prize for Medicine.*

*Katalin Karikó and Drew Weissman were credited with helping to change the course of the pandemic.*

Before mRNA jabs were rolled out to millions of people worldwide to protect them against Covid, such technology was considered experimental. Researchers are now exploring if it could help beat [cancer](#) and other diseases.

Karikó, 68, and Weissman, 64, first met in the 1990s while working at the University of [Pennsylvania](#) after a chance meeting while photocopying research papers.

They realised their shared interest before embarking on their decades-long mission to help make better jabs.

Their work saw them develop so-called nucleoside base modifications, which stop the immune system from launching an inflammatory attack against laboratory-made mRNA — once seen as a major hurdle against any therapeutic use of the tech.

The duos 'groundbreaking findings' have 'fundamentally changed our understanding of how mRNA interacts with our immune system', the Nobel Assembly said.

They contributed to the 'unprecedented rate of vaccine development during one of the greatest threats to human health in modern times', they added.

While the prize-winning science dates back to 2005, the first vaccines to use the mRNA technology were those made by Pfizer/BioNTech and Moderna against Covid.

Messenger RNA, or mRNA, is a genetic blueprint that can instructs cells to make proteins in the body.

## The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

*“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”*

### Reviews

*This is an in-depth resource of great interest if it is the wider perspective you are motivated to understand a little better, the author is very knowledgeable about geopolitics and this comes out in the way Covid is contextualized. —Dr. Mike Yeadon*

*In this war against humanity in which we find ourselves, in this singular, irregular and massive assault against liberty and the goodness of people, Chossudovsky’s book is a rock upon which to sustain our fight. -Dr. Emanuel Garcia*

*In fifteen concise science-based chapters, Michel traces the false covid pandemic, explaining how a PCR test, producing up to 97% proven false positives, combined with a relentless 24/7 fear campaign, was able to create a worldwide panic-laden “plandemic”; that this plandemic would never have been possible without the infamous DNA-modifying Polymerase Chain Reaction test - which to this day is being pushed on a majority of innocent people who have no clue. His conclusions are evidenced by renown scientists. —Peter Koenig*

*Professor Chossudovsky exposes the truth that “there is no causal relationship between the virus and economic variables.” In other words, it was not COVID-19 but, rather, the deliberate implementation of the illogical, scientifically baseless lockdowns that caused the shutdown of the global economy. -David Skripac*

*A reading of Chossudovsky's book provides a comprehensive lesson in how there is a global coup d'état under way called "The Great Reset" that if not resisted and defeated by freedom loving people everywhere will result in a dystopian future not yet imagined. Pass on this free gift from Professor Chossudovsky before it's too late. You will not find so much valuable information and analysis in one place. -Edward Curtin*
