More than 8,000 Palestinians have been killed in the last three weeks in Gaza.

Every day of this atrocious and ever-expanding Israeli onslaught at least a 1,000 more will be murdered.

Schools and hospitals are being targeted. The unspoken yet deliberate objective is to kill Palestinian children.

More than 40% of the casualties are children.

Mosques, churches, residential areas, bakeries, communications infrastructure are targeted. Water, electricity and fuel have been cut off to Gaza and more than 200,000 housing units have been destroyed.

CBC Radio Report, October 30, 2023

People of the World,

Please stand up, call on the conscience of the decision makers in your governments to find ways to stop Israel's genocide and to help rescue, heal and feed the people of Gaza.

Ignore the abhorrent war orders from the European Union and from Washington.

Take matters in your own hands and do what your heart and conscience say.
